

Integrated Benefits

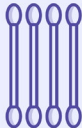

# COVID Back-to-Work

## Immunization & Test Tracking Platform

End-to-end COVID testing and reporting solution, guiding individuals to self-collect samples and report results through a secure portal.

## Product Highlights

	<b>Integrated</b> Single app and reporting solution for managing COVID testing, regardless of the type of test or where it was conducted.		<b>Verified</b> Employees verify their identity and access individual results through a secure portal – live reporting enables viewing test results in real-time.		<b>Usable</b> Self-guided, at-home, rapid COVID-19 tests with a secure reporting portal. Use an easy-to-use, shallow nasal swab with real-time results in minutes.
