Product Highlights

Integrated

Bringing together the best of preventative care, with a coordinated model that includes primary care and behavioral health.

Value-Based

A population health care model designed to improve health outcomes, reduce medical spend, and deliver top-tier member satisfaction.

Powered by Genomics

Optional genetic testing focuses on pharmacogenomics (PGx) and hereditary disease risk to tailor treatment to each person's unique needs.

UP TO
6:1
PGx ROI

Did you know?

Targeted pharmacogenomic (PGx) testing can deliver up to a 6:1 ROI by identifying the right antidepressant, the first time.

NEXTGEN CARE

BENEFITS

Product Details

Primary Care Services

Annual wellness exam, health risk assessment review, screening and genomics lab review and recommendations, follow-up visits, care plan development and ongoing support, chronic condition management, post-visit lab ordering and review, and specialist coordination.

Dedicated Physician

Integrated, team-based care model with a Primary Care Physician 'quarterbacking' patient needs.

Genomics

Optional, targeted genetic testing to tailor medications (PGx) and identify elevated risk for hereditary conditions.

Chronic Care Management

Care teams identify and manage chronic conditions on an ongoing basis.

Electronic Prescription Ordering

Prescriptions are immediately sent to the patient's preferred pharmacy for easy pickup.

At-Home Labs

Lab tests are delivered to patients' doorsteps, easily returned to the lab in prepaid packages.

Health Risk Assessment

A comprehensive risk assessment covers physical and behavioral health, lifestyle, and other areas.

Integrated Behavioral Health

Coordinated behavioral health model, with therapy, psychiatry, and coaching.

Urgent Care

24/7 urgent care access is included.
